Offshore Achievement Awards 2024

37 years of celebrating innovation and collaboration

14th March 2024 P&J Live, Aberdeen

37 Years of Celebrating Innovation and Collaboration

The Offshore Achievement Awards (OAA's) recognise outstanding achievements in the energy industry. Rewarding innovative technologies, growth in companies both large and small, and the significant contributions of individuals within the industry, the OAAs give recognition to the superlative achievements of those who go above and beyond in the energy sector.

Bringing an unmatched level of recognition in front of industry peers, the awards provide companies and individuals with a springboard for growth, as well as inspiring the next generation and the industry to keep evolving.

"The OAAs was a really great event for recognising people doing terrific work across the UKCS. It was also a great opportunity to learn about new technologies - the technologists at our table were busy scribbling away as they watched the various videos from the finalists."

Entering The Offshore Achievement Awards

Entries are open to all UK-registered companies within the oil & gas and renewables sectors.

Timeline

Entries open – Sep 2023

Entry deadline – Dec 2023

Shortlist announced – Jan 2024

- Industry Enabler Award

Sponsorship Opportunities

The OAA relies on the support of the industry, both in terms of submitting nominations, and in providing the financial support required to run the event. As well as helping to support excellent funding initiatives, sponsoring the OAA provides the perfect platform to show your support for the industry.

With all sponsorship opportunities, we can be flexible with the benefits as not all companies will benefit from the same. If you would like something even out of the ordinary, let us know!

With the income generated from member fees, event bookings and sponsorship, SPE Aberdeen invests in various initiatives and projects designed to inspire individuals and companies at all experience levels.

From primary school children, all the way up to those currently working in the industry, SPE Aberdeen provides valuable resources and opportunities for all levels and areas of interest.

SPE Aberdeen “Inspire the Next Generation” by creating, leading, funding and volunteering to support many School Career Guidance activities such as Career Fairs, CV Skills workshops and Mock Interviews all

focused on guiding pupils towards positive destinations on our Energy Transition journey to Net-Zero. Examples of inspirational programs supported by SPE Aberdeen include TechFest, Maths in the Pipeline, Inside Industry, DYW as well as the global SPE International Energy4Me programme which has been successfully tailored to the Scottish Curriculum for Excellence in collaboration with Aberdeen Science Centre.

NASA in Aberdeen

SPE Aberdeen were founders as well as organisers and provided seed funding for “NASA in Aberdeen”, helping young people to focus on science and technology careers.

Over 12,500 attended inspiring events involving a team of NASA Astronauts, Engineers and Scientists in close collaboration with the Energy Institute, the Society for Underwater Technology, Aberdeen Science Centre, TechFest, the Scottish Space School Federation, schools across Aberdeen city and shire, sponsored by Apollo, BP, Equinor, CNOOC, Oceaneering and TAQA, supported by Skene House, M&G, Carjon-NRG - and of course NASA personnel.

This program has now evolved into “Space to Energy” led by TechFest and ASC and “Explorers – Inspiring the Next Generation” led by SPE Aberdeen, EI AHI and Carjon-NRG.

Each year, SPE Aberdeen provide annual bursaries of up to £20,000 to support students studying oil and gas related qualifications, relieving the financial stresses faced by students and allowing them to focus on their studies.
