# Volunteer with the Energy Exchange Hub for our Let's Talk English programme in collaboration with SPE Central Ukraine!

To volunteer, request more information or simply chat about volunteering with EEH, please email Gillian at [aberdeen.admin@spe-uk.org](mailto:aberdeen.admin@spe-uk.org)

**Aberdeen Section**

## About the Energy Exchange Hub...

The Energy Exchange Hub is a new committee which upholds the legacy of building inclusive spaces to promote wider engagement from the generational experience within the SPE Aberdeen Membership, providing an opportunity for end of careers members to share their knowledge and connections with younger generations providing greater technical understanding through knowledge share within SPE Aberdeen. They also host the hugely successful 'Let's Talk English' programme in collaboration with SPE Central Ukraine.

Please note that the deadline date on the flyer has been superseded and applications are still open!

PRESENT

# LET'S TALK ENGLISH

– 2026 PROGRAMME

Building professional connections through language, engineering knowledge sharing, and international collaboration.

Practice spoken English in real engineering discussions

Expand international professional networks

Exchange technical and operational experience

Improve confidence in international communication

Discuss real industry challenges with peers from similar disciplines

## WHO CAN JOIN?

- Professionals and students from all energy sectors, including:
- Petroleum, Drilling, Production, Reservoir, Geology & Geoscience
- Facilities, Pipeline, LNG, Gas Processing
- Automation, Digitalization, Data Analytics
- HSE, Project Management, Maintenance, and more!

All disciplines. All experience levels. One global community.

## PROGRAMME ACTIVITIES

- One2One Technical Conversations
- Community Check-ins
- Mid-programme Discussion Event
- Final "Big English Conversation" Networking Session

## REGISTER NOW!

Be part of an international peer-to-peer initiative that connects, develops, and inspires.

REGISTRATION DEADLINE:  
**16 June 2026**

PROGRAMME START:  
**1 July 2026**

## EXPECTED OUTCOMES

- ✓ Improve professional English communication skills
- ✓ Gain exposure to international engineering perspectives
- ✓ Build long-term professional relationships
- ✓ Strengthen confidence in technical discussions
- ✓ Expand global SPE collaboration opportunities

LET'S TALK. CONNECT. COLLABORATE. GROW – TOGETHER.

 SPE Central Ukraine Section & SPE Aberdeen Section present:

 “Let’s Talk English” – 2026 Programme

Following the success of the 2025 pilot initiative, the “Let’s Talk English” programme returns in 2026 with an expanded focus on professional networking, technical discussions, and international collaboration across the energy industry.

The programme creates a supportive professional environment where Ukrainian and international SPE members can:

-  practice spoken English through real engineering conversations
-  discuss technical challenges and industry solutions
-  expand international professional networks
-  build confidence in professional communication
-  exchange experience with peers from similar disciplines

 Programme format:

- 6-month programme
- One-to-one online conversations via Microsoft Teams
- 60-minute sessions every 2 weeks
- Flexible scheduling between participants
- Matching based on professional discipline and technical interests

Energy.™

Continued on next slide...

We welcome:

- ◆ engineers.
- ◆ geologists & geophysicists.
- ◆ automation, digitalization & data analytics specialists.
- ◆ professionals from drilling, production, facilities, LNG, pipeline, HSE, and other energy sectors.
- ◆ students and young professionals.

👉 This is not an English course or mentoring programme.

It is a peer-to-peer international initiative focused on professional communication, knowledge sharing, and building long-term industry connections.

📍 [Registration is now open here](#)

🕒 Registration deadline: applications remain open

🚀 Programme start: 1<sup>st</sup> July 2026

Together, we continue strengthening the global engineering community and supporting international collaboration for Ukraine's energy sector UA 🌍
