SPE ICoTA 32nd European Well Intervention Conference

ICoTA
Intervention & Coiled Tubing Association
Europe Chapter

SPE International Aberdeen Section | Solutions. People. Energy.℠

P&J Live, Aberdeen
11th-12th November 2026

From Proven Value to Greater Impact:
Collaborating for Smarter Well Interventions

Technical Programme

The largest and longest established conference of its kind, the 32nd SPE ICoTA European Well Intervention Conference continues to lead the way with high quality technical content, strong operator engagement and an outstanding exhibition, all at exceptional value at less than half the cost of equivalent industry events.

This conference attracts the highest levels of operator participation, typically 30-40%.

- Original Operator pavilion – talk to more than 10 different Operators across two days – share your solutions to their problems
- Operator led panel session on day 2 featuring those involved in technical decisions
- 7 operator led case studies on the main stage

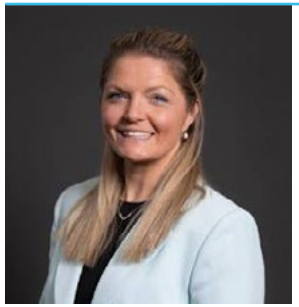
Outstanding Keynote Sessions

Day 1 / 11th November



Harriet Cross MP

Represents Gordon and Buchan, at the heart of the UK's oil and gas sector and spends significant time engaging with upstream supply chain companies and operators, gaining firsthand insight into the industry's challenges and opportunities. Harriet understands the vital role domestic oil and gas play in ensuring energy security and its importance for tens of thousands of jobs, revenues and investment.

Keith Hogg

Wells Manager, NSTA

Leads the NSTA's well intervention stewardship activities, working collaboratively with operators to identify opportunities to restore production, maximise economic recovery from existing assets and share industry best practice.

Yvonne Telford

Research Director, Westwood Global Energy

Manages the Northwest Europe product, which provides in depth technical and commercial coverage of the NW Europe market from E&A, developments, fields, companies and decommissioning.

Tim Davies

New Business Director, GaffneyCline Energy Advisory

Tim is New Business Director for the Europe, North Sea and Caspian Region. The team provides leading subsurface, strategic and technical advice to the Energy Sector.

Day 2 / 12th November

Jason Smith

GM Wells & Geoscience Operations, Adura

Manages the Operated and Non-Operated Wells activities across Assets in the West of Shetland, Central and Northern North Sea.

Ken Barclay

Senior Production Manager,
Harbour Energy UK's operated assets

A senior oil and gas leader with 25 years of UKCS experience across production, operations, asset management, engineering, commissioning and major projects.

Ingrid Huldal

Vice President, Well Services UK,
Caspian & Africa at Archer

Leads the strategic direction and operational delivery of integrated well services across the region, with a particular focus on offshore plug and abandonment (P&A) and well intervention operations.

The Exhibition Area

This year the conference and exhibition will be side by side on the same floor, creating more networking opportunities with an updated layout.

Want to be an Exhibitor?

Details and costs for exhibition space can be found at the end of this programme.

For a full list of exhibitors:
[Visit Our Website]

The Operator Pavilion

The Operator pavilion will be back this year, to offer you the chance to collaborate, network and promote new and established techniques in intervention technology to a much wider group of Operators. Make sure you visit the stand and tell the Operators what you can provide. The Operator timetable will be published on the website along with each Operators top 3 current issues to help in offering targeted solutions. Participating Operators so far include:

Harbour Energy · ITHACA ENERGY · aramco · ADURA · AkerBP · elemental energies · EXCEED · bp · NEO NEXT+

ICoTA Award For Innovation & Technology

Celebrating excellence in the well intervention industry, the ICoTA Innovation Award is presented to a service company or Operator that has pushed the boundaries of well intervention technology. The winner will be announced as part of a drinks reception at the close of the conference on day 2.

The Exhibition Area

Technology Demos

A series of Technology Demos will take place on the stage in the Exhibition Hall during lunch on Days 1 and 2. The schedule will be published nearer the time.

Technology Zone

The Technology Zone offers newer, innovative technology-led companies an affordable way to showcase their products, services and solutions to the well intervention industry, alongside the main conference and exhibition. Full details at the end of this programme.

Posters

Poster presenters will be by their posters in the exhibition hall during the breaks and lunches. The posters are as follows:

Improving Quick Union Load Assessment for Pressure Control Equipment	William Totten, NOV
Digitalisation of Wellhead Grease Injection to Improve Safety, Reliability and Well Barrier Integrity	Jamie Cochran, Aramco
Next Generation, high fidelity ultrasonic casing bond inspection	Nigel Leggett, Cereus Ultrasonics
Coiled Tubing Design and Operation in Ultra High Temperature	Kevin Elliott, Western Energy
Dual Advanced Kickover Tool to Retrieve and Install Gas Lift Valves in One Run	Tony Grattan, Weatherford
Establishing Annular Communication for Remedial Cementing Using the 9⅝-in. TorcPuncher	Colin Mackie, E Plug AS
Lessons Learned from Deploying a Modern Surface Intervention System for P&A	Wellvene

Exhibition Area – Guest Speakers

Steven Beedie from Unspoken Energy

A highly respected speaker, consultant, and author known for his transformative work in mental health, resilience, and human potential. With a deep connection to the energy sector, particularly oil and gas, Steve brings a unique perspective shaped by his journey of overcoming trauma, PTSD, and challenges faced during his time in the military and offshore industries. His powerful story of survival, healing, and empowerment has inspired thousands, making him a sought-after speaker and thought leader in the mental health and energy sectors.

Steven will present on Day 2 at 1230 on stage in the exhibition area.

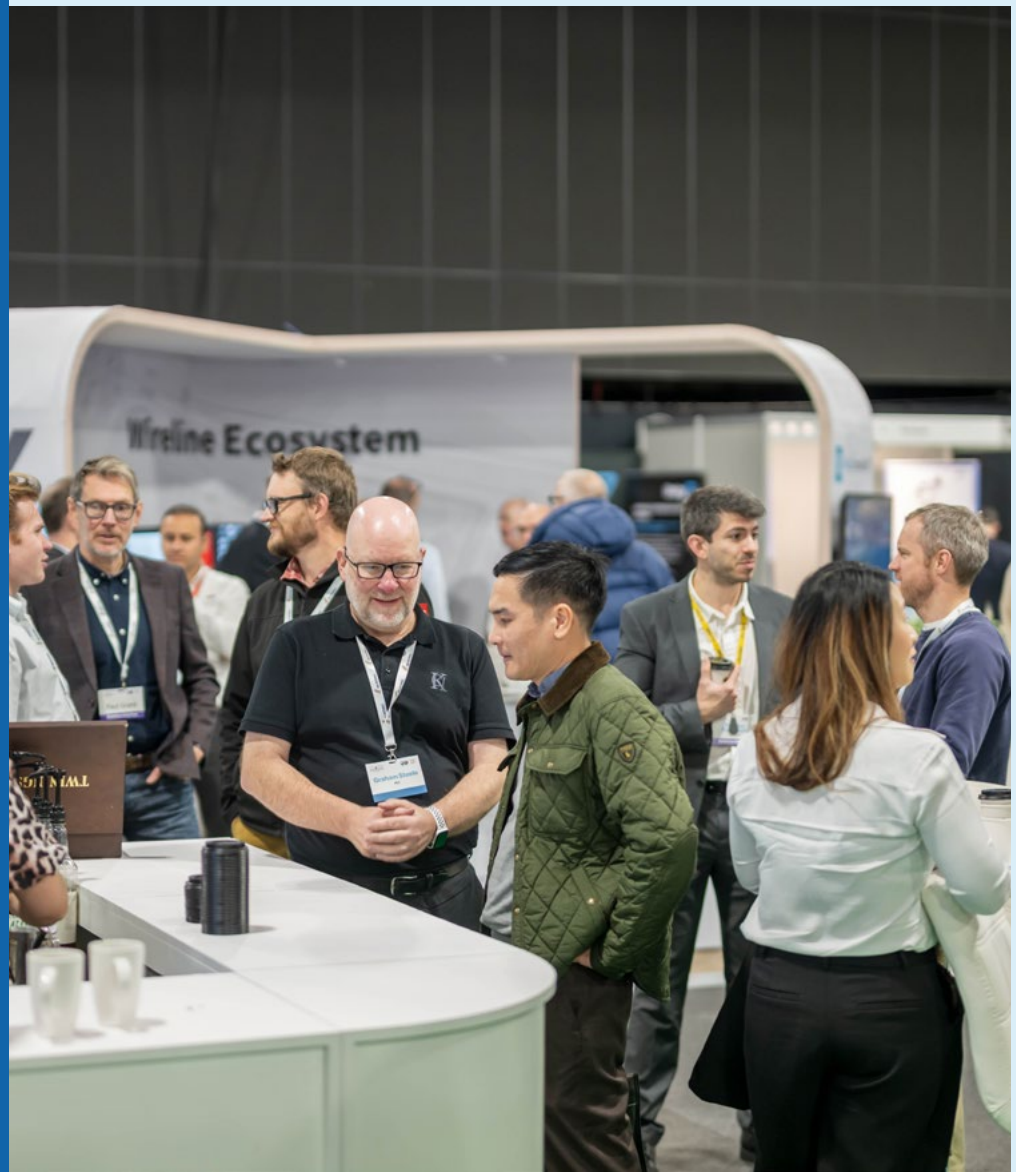
Therapets

We are delighted again to welcome our Therapets and volunteers to the stage. The Therapet Visiting Service supports 25,000 people annually across Scotland. Over 1000 volunteers with their family pets donate their time to visit hospitals, education facilities, companies, heliports and airports to help relieve stress or anxiety and improve wellbeing through the interaction with the pet.

The Therapets will be in the exhibition area on Day 1 and Diane Wood will present on Day 1 at 1245 on stage in the exhibition area.

Networking

The main networking reception will take place in the Exhibition Hall at the close of the conference on Day 1. This is an excellent opportunity to network with peers, senior leaders, exhibitors and speakers. Drinks will be provided.



Social Event

All delegates will be invited to attend our social event following the networking reception at Revolution. A bus will be provided on a first come first served basis. Taxis will also be available for booking. Drinks and nibbles will be provided.

Young Professionals

Intervention 101 Event for Young Professionals

11th November, 14:00, Exhibition Area

Kick-start your career development at this ICoTA Young Professionals event, designed to give you a well-rounded view of the intervention landscape.

The session opens with four 15-minute technical talks covering the full lifecycle of a job request: an operator's perspective on scoping the work, water shut-off strategies with a focus on NSTA/RWOT, perforating and logging techniques, and downhole safety valve (DHSV) considerations, closing with a quick-fire look at intervention results.

The second half shifts focus to you and your career, with three industry professionals sharing 5-minute snapshots of their own career journeys, followed by a 15-minute open panel where you can ask the questions that matter most to your own path forward.

Whether you're looking to sharpen your technical knowledge or get real talk on building a career in intervention, this is an event not to miss!

Book Online Here

This is a free session for Young Professionals – no fee paying conference tickets are required.

We also have student rates which covers full conference attendance and for every full paying member or non member ticket, a free Young Professional ticket can be added at check-out which covers full conference attendance.
