

DRIVING VALUE & INNOVATION IN TOPSIDES OPERATIONS

Are you ready to shape the future of offshore energy?

Topsides UK 2025 is calling on industry professionals to share insights, innovations, and real-world experiences that will drive efficiency, safety, and sustainability across North Sea assets.

The Chester Hotel, Aberdeen
11-12 NOVEMBER 2025

CALL FOR ABSTRACTS

CALL FOR ABSTRACTS - DEADLINE: 27 JUNE 2025

Our annual conference isn't just about discussions, it's about action.

It's about tackling the challenges that stand in the way of failure-free operations, advancing emissions reduction strategies, and extending the life of offshore infrastructure. This year, we're putting a sharp focus on three crucial pillars: **Energy Security, Emissions Reduction, and Late-Life Asset Management.**

As offshore assets continue to operate under mounting pressures - economic, regulatory, and environmental, **Topsides UK 2025** is the platform to connect, collaborate, and contribute to the evolution of offshore operations.

Why Should You Get Involved?

Topsides UK is where industry leaders, decision-makers, and innovators converge to share expertise, lessons learned, and game-changing technologies. Whether you're an operator, a service provider, a technology innovator, or a developing professional, this is your opportunity to:

- **Showcase your work** on key industry challenges
- **Network with key people** across the offshore energy sector
- **Influence industry direction** through knowledge-sharing and best practices
- **Discover solutions** that drive asset efficiency and sustainability

CALL FOR ABSTRACTS - DEADLINE: 27 JUNE 2025

The conference committee invites professionals from all sizes of organisations to submit a 200-word abstract to be considered for either a 20-minute presentation or a 5-minute "TechByte" presentation.

If you have knowledge, experience, or technology solutions that can contribute to these themes, we want to hear from you!

The Call for Abstracts is **now open** and will close on 27 June 2025.

To submit your abstract, please visit:

We are particularly interested in:

- **Integrity and Risk Assessment** – Prioritising maintenance through comprehensive asset condition evaluation.
- **Life Extension Technologies** – Utilising advanced materials, coatings, and repair techniques to prolong offshore asset lifespan.
- **Cost-Effective Maintenance Strategies** – Achieving operational excellence while balancing budget constraints.
- **Repurposing and Redeployment** – Exploring innovative solutions for converting ageing infrastructure to renewable applications.
- **Stakeholder Engagement** – Enhancing collaboration with regulators, communities, and supply chains to ensure responsible asset management.
- **Overcoming Constraints in the Topsides Environment** – What stands in the way of failure-free operations?

SPONSORSHIP & EXHIBITION OPPORTUNITIES

Raise your profile among key players in offshore energy. A variety of sponsorship and exhibition packages are available to enhance your brand presence at Topsides UK 2025.

EXHIBITION OPPORTUNITIES

EXHIBITION STANDS £950 PER SINGLE UNIT

Opportunities exist for companies to demonstrate data, technologies and services within the exhibition. We will have a limited number of table-top exhibition stand spaces available. There will be ample opportunity for maximum interaction between exhibitors and delegates during the registration period, coffee breaks and during lunch.

Exhibition packages include:

- A basic exhibition space (approx. 3m wide x 2m deep) is suitable for a pop-up portable display stand or tabletop display. Two or more adjacent units can be combined to make a larger space. A 6ft table and two chairs will be provided.
- One free delegate pass for the conference
- Logo and company profile in abstracts e-book issued to all delegates

Join us at Topsides UK 2025 and be part of the movement that's shaping the future of offshore energy in the North Sea and beyond!
