

# DEVEX 2017

9 & 10 MAY, AECC, ABERDEEN

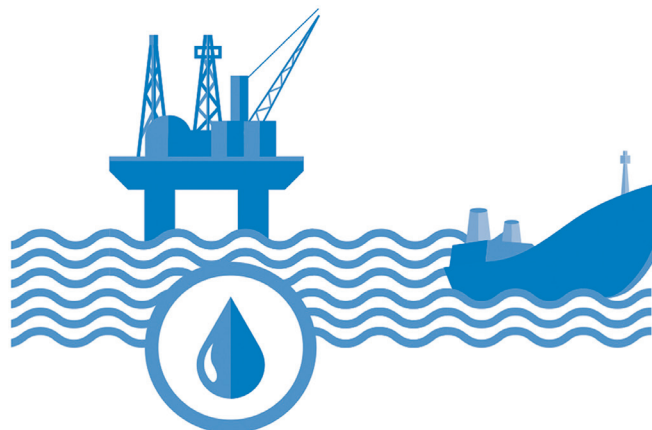

## BUILDING RESILIENCE, DRIVING GROWTH

### Book your place now!

DEVEX is now in its 14th year and is the only technical conference which is focused on reservoir discovery, evaluation, development and recovery in the UK. The strong technical program attracts interest and support from Operators, Service companies, Academia and the Regulator.

### Over 300 free places sold!

Over 300 places for the Conference were sold out within a day, thanks to the funding received from our Partners. We are now offering further places 'at cost'. Ensure you don't miss out and book online today! [www.devex-conference.org](http://www.devex-conference.org) or contact [devex@mearns-gill.com](mailto:devex@mearns-gill.com)

### Conference highlights

- Over 20 Operator papers
- BP's Clair Core on display both days
- Exclusive Collaboration and Leadership Networking Lunch
- Masterclasses
- Young Professionals Event
- Networking Reception
- Field Trip

To view the full programme, visit [www.devex-conference.org](http://www.devex-conference.org)

### Sponsorship and Exhibitor Opportunities

Take advantage of the high profile sponsorship opportunities available, including sponsoring the networking reception; young professionals event; refreshments; delegate bags.

A few exhibitor spaces remain situated in the high footfall catering area.

DEVEX is a not-for-profit conference, jointly organised by the Aberdeen Formation Evaluation Society (AFES), the Society of Petroleum Engineers Aberdeen Section (SPE) and the Petroleum Exploration Society of Great Britain (PESGB)

9 & 10 MAY, AECC, ABERDEEN

## BUILDING RESILIENCE, DRIVING GROWTH

The organisers reserve the right to amend the programme as necessary – see website for updates on programme timings or further details.

DAY 1 - 9TH MAY							
OPENING ADDRESS - FLEMING AUDITORIUM							
PARALLEL SESSIONS - CROMBIE SUITE							
8.00		REGISTRATION		ROOM 15/16	BALMORAL		
9.00	9.10	OPENING ADDRESS		BP CLAIR CORE			
9.10	9.30						
9.30	9.50						
9.50	10.10						
10.10	10.30						
10.30	11.05						
11.05		11.30	Gannet recovery - a North Sea success story, Shell U.K.Ltd			Masterclass The Role and Competencies of the Operational Geologist, UKOGC	
11.30		11.55	Jasmine Reservoir Modelling and History match, ConocoPhillips				
11.55		12.20	MER UK Award Winner: The Southern Wye Project, ConocoPhillips				
12.20-13.45		LUNCH - GORDON SUITE Crombie Suite - Chartership for Engineers / Chartership for Geologists				COLLABORATION LUNCH - 12.20pm	
13.45	14.10	14.10	14.35	Clair Field: Fracture model, 40 years after discovery, BP	Proactive incorporation of Geomechanics to improve asset performance, Jackeline Rodrigues, Task Fronterra Geoscience		
14.10		14.35		Real time data interpretation and integration leads to significant resource volume increase in Lancaster fractured basement field West of Shetland, Schlumberger			
14.35		15.00		Quad204 - Schiehallion Field - Exploitation of a deeper reservoir fairway, BP			
15.00-15.25		COFFEE BREAK - GORDON SUITE					
15.25	15.50	15.50	16.15	Unlocking barrels on a mature asset, Maersk Oil	Masterclass Understanding NMR, Geoff Page, Baker Hughes		
15.50		16.15		Extended Reach Drilling to Maximise Production from a Mature Asset, Merlin			
16.20		16.45		J-Area: Maximising recovery through active field management, ConocoPhillips			
16.45		17.10		Maximise the value from the UKCS well-stock through industry collaboration, Oil and Gas UK, Engie			
17.10-19.00		NETWORKING SESSION - GORDON SUITE

DAY 2 - 10TH MAY				
PARALLEL SESSIONS - CROMBIE SUITE				
8.00		REGISTRATION		ROOM 15/16
9.00	9.25	Impact of major tectonic events on the petroleum systems of the Mid North Sea High, Geoscience Wales	Masterclass Chartership for Geologists, Bill Gaskarth	BP CLAIR CORE
9.25	9.50	The Outer Moray Firth Basin - A Strategic Plan for a Bright Future in a Mature Basin, 1st Subsurface Aberdeen		
9.50	10.15	MACRO - an innovative method to characterise Main Area Claymore remaining oil, Repsol Sinopec	Masterclass Cessation of Production – OGA requirements and an SNS case study, Malcolm Pye, OGA and Heather Larson, ConocoPhillips	
10.15	10.40	Facilitating and Stimulating Exploration - New Publicly Available Geological Maps for the UK Continental Shelf, LR Senergy		
10.40	11.05	COFFEE BREAK - GORDON SUITE		
11.05	11.30	The Subsurface Isolation Strategy: An Integrated Approach to Well Abandonment Planning, Shell U.K. Ltd	Masterclass Disruptive Innovation, Dr Ian Heywood	
11.30	11.55	More efficient well P&A: saving time and money, ConocoPhillips		
11.55	12.20	A Stone's Throw: Near Field Success in the Greater Britannia Area, ConocoPhillips	Masterclass Chartership for Engineers, Nigel Bradburn	
12.20	12.45	The Kinnoull Field: Lessons from Operating and Optimising a Subsea Tieback, BP		
12.45	13.45	LUNCH - GORDON SUITE		
13.45	14.10	Understanding the Dynamic Field Performance through Regional Aquifer Modelling, ConocoPhillips	Masterclass Do we really need well stimulation in a low oil price environment? Bogdan Bocaneala, OPECS	
14.10	14.35	Britannia low rate strategy experience to maximise a large gas field recovery factor, ConocoPhillips		
14.35	15.00	Magnus Field Rejuvenation, BP		
15.00	15.25	COFFEE BREAK - GORDON SUITE		
15.25	15.40	PLT and WSO Planning in a HTHP Well, Shell U.K. Ltd	North Sea Equity Showcase	
15.40	16.05	Increasing Alwyn North Production by a Simple, Low Cost Project, TOTAL E&P UK Ltd		
16.05	16.30	Persistence Pays off With Subsea Water Shut-Off on Kinnoull Field, BP		
16.30	17.05	Integrated Intelligent Operations for Safer More Cost Effective Offshore Facilities, Premier Oil
