## EXHIBITION AND SPONSORSHIP OPPORTUNITIES

With a strong focus on maximising the economic recovery of petroleum (MER UK), and in line with the Oil and Gas Authority's Asset Stewardship Strategy, it is increasingly important for companies to demonstrate how they are working collaboratively, efficiently and innovatively to ensure optimised production throughout the lifetime of an individual asset.

Topsides UK 2018 provides a technical conference and exhibition for operators and supply chain to share their experience and solutions, learn new ways of working, and network with subject matter experts, to ensure that the industry continues to work together to support MER UK.

**Topsides UK 2018 also provides a cost-effective training opportunity, and Energy Institute CPD points are available for attendees. This year's conference themes include, but are not limited to:**

- License Activity, Decision Points and Milestones
- Robust Project Delivery
- Production Optimisation
- Information Management
- Technology Plans
- Collaboration

Topsides UK is a not-for-profit conference, jointly organised by SPE Aberdeen and Mearns & Gill. Any surplus funds raised are reinvested to help support various initiatives and in particular, to help support our future generation of young engineers.

### Exhibition Opportunities

Raise your profile and showcase your capabilities to major Operators and Service Companies. Stand space is available on a first come-first served basis and will be located in the high footfall catering area of the Gordon Suite.

### Cost of exhibition space

- 3m x 2m stand with one free delegate place £950 + VAT
- 6m x 2m stand with two free delegate places £1,900 + VAT (these are limited)

All exhibitors will have their logo in the event brochure issued to all delegates.
