

Conference Programme

Day 1 - Wednesday 14th November

07:30	REGISTRATION - BREAKFAST & NETWORKING IN BOYD ORR EXHIBITION HALL / CONFERENCE - CROMBIE SUITE
08:30	WELCOME & INTRODUCTION - Darren Paul, SPE ICoTA Conference Chair, Shell U.K. Ltd
08:35	KEYNOTE ADDRESS - Glenn Brown, Operations Coordination Manager, Oil and Gas Authority
09:00	Putting interventions back on track through the application of visual intelligence – case studies from ConocoPhillips UK - Neil Emslie, ConocoPhillips & Michael Emslie, EV
09:25	Twenty Years, One Fracture and the Future of a North Sea Asset - Asif Hoq, BP
09:50	Bringing the outside in – technology transfer from other industries to transform well management & intervention - Sarah de Boer, The Oil & Gas Technology Centre
10:15	REFRESHMENTS AND NETWORKING IN BOYD ORR EXHIBITION HALL
10:45	Brent Alpha 21: North Sea Snubbing Plug & Abandonment - Timothy Thornton, Shell U.K Limited
11:10	Inverse Gas Lift System Eliminates Workover While Increasing Production To A Well Which Had No Gas Lift Capability Or Annular Integrity - Alun Whittaker, Weatherford
11:35	eLine powered mechanical services deliver time saving scale removal and straddle retrieval intervention solutions on a complex P&A operation - Odd Einar Magnussen, Altus Intervention
12:05	TECHNOLOGY SHOWCASE: Less Water More Money what's not to Like? - Paddy Collins, Aubin Innovative case studies in multi well hydraulic intervention campaigns using unique Flow Access Technology - Ryan Sangster, Enpro Subsea Ultrasound imaging technology diagnoses multilateral completion failure – Duncan Troup, Archer Culzean HP/HT Well Control panel - Drew Robertson, TIS Manufacturing
12:30	ICOTA INNOVATION AWARD - Presented by Ian Retalic, ICoTA Europe 2018 Chairman
12:45	LUNCH & NETWORKING IN BOYD ORR EXHIBITION HALL
13:45	First use in North Sea of novel straddle technology to repair a horizontal subsea tree - Mohammed Issa, BP
14:10	Agat Precision Drilling Tool - A New Approach To Open For Production By Using A Novel Method To Drill Holes Through Sand Screen - Espen Magnussen, TIOS Group
14:35	Beatrice Well Intervention Campaign - Mark Collie, Repsol Sinopec Resources Ltd
15:00	Novel Coating to Prevent Corrosion of Coiled Tubing Bias Welds - Kevin Elliot, NOV
15:25	REFRESHMENTS AND NETWORKING IN BOYD ORR EXHIBITION HALL
15:55	Gas Lift Valve Scale Removal using Wireline Applied Stimulation Pulsing Technology - Chris McKenzie, Blue Spark Energy
16:20	Driving Efficiencies in Well Intervention Operations Offshore Brunei - Richard Hampson, Halliburton
16:45	Challenging Intervention Successfully Reinstates Production from a SubSea Well - Ben Gutteridge, Shell U.K Ltd
17:10	CLOSING REMARKS
17:15	NETWORKING RECEPTION SPONSORED BY NOV IN BOYD ORR EXHIBITION HALL
19:00	CLOSE
