

9–13 NOVEMBER 2020

9–11.30AM EACH DAY, DIGITAL CONFERENCE AND EXHIBITION

EXCELLING TODAY WHILST PREPARING FOR OUR FUTURE

CONFERENCE PROGRAMME

With continued focus on Maximising Economic Recovery (MER) from the UKCS in line with OGA Stewardship Expectations (SEs) 2019 and OGA/OGUK led Roadmap 2035 – ‘A Blueprint for Net-Zero’, it continues to be critical for companies to work together to ensure that there are the necessary skills, operating models and technologies required for safe, reliable and efficient operations delivering vital hydrocarbon resources.

The original Toppersides UK 2020 conference programme has been amended slightly so that presentations include some of the learnings from the past 6 months, as well as some completely new presentations.

Toppersides UK 2020 provides a world-class conference and exhibition for operators, supply chain, SME's, contractors and specialist consultants to share their knowledge and experience thus ensuring that the industry is aligned in tackling the challenges of late life operations together.

Key conference themes for 2020 are:

- The Future and Energy Transition
- Asset Stewardship: Business as Usual
- Asset Integrity
- Maintenance and Reliability Excellence
- Enabling the Supply Chain
- People and Skills
- Smart Decommissioning

FREE TO ATTEND

Toppersides UK 2020 is free to attend this year. To secure your place, visit:

DAY 1 - 9th November

| | | |
|-------|--|---|
| 09:00 | Welcome and introduction | Stuart McIntosh, TAQA, conference chair |
| 09:05 | Keynote Speaker | Brenda Wyllie, Oil & Gas Authority |
| 09:25 | Energy Transition | European Marine Energy Centre (EMEC) Ltd |
| 09:40 | Reducing Operational Emissions – practical measures that can be deployed today, and new technologies that could be deployed tomorrow | Martyn Tulloch, Oil and Gas Technology Centre |
| 09:55 | Net Zero - Skills to support the Energy Transition | Chris Claydon, Engineering Construction Industry Training Board |
| 10:10 | Panel Discussion | |

DAY 2 - 10th November

| | | |
|-------|---|---------------------------|
| 09:00 | Welcome and introduction | Chairperson |
| 09:05 | A look back at Project Performance and what we can learn for future projects during the Energy Transition | Andrew Buchan, NEO Energy |
| 09:20 | Challenge & Evolve: A Brownfield EPC Perspective | Global Energy |
| 09:35 | Fit After 40 | Caragh McWhirr, Xodus |
| 09:50 | Using a focussed, practical BAT / BEP approach to ensure that “business as usual” is achievable | Glen McLellan, NOV |
| 10:05 | Panel Discussion | |
| 10:20 | Tech Bytes | |

DAY 3 - 11th November

| | | |
|-------|---|---------------------------------------|
| 09:00 | Welcome and introduction | Chairperson |
| 09:05 | RBIA can it improve? The industry collaborates | Adam Sheikh, Repsol Sinopec |
| 09:20 | COVID-19 Risk Management Solutions in the Workplace to Create SafeSpace for Human | Ed Gardyne, Safewell Solutions |
| 09:35 | How Low Can You Go? | Add Energy |
| 09:50 | Making Reliability a Core Business Value | Andrew Fraser, Reliable Manufacturing |
| 10:20 | Panel Discussion | |
| 10:35 | Tech Bytes | |

DAY 4 - 12th November

| | | |
|-------|---|---|
| 09:00 | Welcome and introduction | Chairperson |
| 09:05 | “Roads? Where We’re Going, We Don’t Need Roads.” – 2035, what will the future of Asset Integrity look like? | Rebecca Allison, Oil & Gas Technology Centre |
| 09:20 | A delicate balancing act: people, skills and technology in the new energy era | Craig McCartney, Petrofac |
| 09:35 | Drone RVI/Advanced Integrity Inspection & RDI | Paul Hughes, Stork; Stewart Wallace, Stork & Murray Stewart (ACE) |
| 09:50 | Risk Based Management of Corrosion Under Insulation. The smarter way to ensure safe operation and optimise the management of a major threat | Frode Wiggen, DNV GL |
| 10:05 | Causal Reasoning - What we talk about, when we talk about Problem Solving | Pankaj Singh, Shell |
| 10:20 | Panel Discussion | |
| 10:35 | Tech Bytes | |

DAY 5 - 13th November

| | | |
|-------|--|---|
| 09:00 | Welcome and introduction | Chairperson |
| 09:05 | Additive Manufacturing will disrupt the Oil & Gas supply chain | Edwige Ravry, Total |
| 09:20 | Interactive supply chain session | Steve Johnson, Altera Infrastructure Production |
| 09:35 | Rotating Equipment Maintenance and Reliability Excellence – A review of Industry Guidelines for Oil Reclamation and System Decontamination | Jens Peder Thomsen, Ocean Team |
| 09:50 | Optimising your spares strategy to avoid equipment downtime and reduce OPEX | Oceaneering |
| 10:05 | Digitalised Valve Inspection | Richard Gray, Score |
| 10:20 | Panel Discussion | |
| 10:35 | Tech Bytes | |

The organisers reserve the right to amend the programme as necessary – see website for updates on programme timings or further details www.spe-uk.org / aberdeen.events@spe-uk.org
