#### DAY 1 - 9th November

|       |  |   |
|-------|--|---|
| 09:00 | Welcome and introduction   | Stuart McIntosh, TAQA, conference chair                         |
| 09:05 | Keynote: The UKCS in Transition  | Brenda Wyllie, Oil & Gas Authority                              |
| 09:25 | Net Zero North Sea – The challenges and realities of renewable integration   | Scott Crawford, European Marine Energy Centre                   |
| 09:40 | Reducing Operational Emissions – practical measures that can be deployed today, and new technologies that could be deployed tomorrow | Martyn Tulloch, Oil and Gas Technology Centre                   |
| 09:55 | Net Zero - Skills to support the Energy Transition   | Chris Claydon, Engineering Construction Industry Training Board |
| 10:10 | Panel Discussion   |   |

#### DAY 2 - 10th November

|       |   |                           |
|-------|---|---------------------------|
| 09:00 | Welcome and introduction  | Chairperson               |
| 09:05 | A look back at Project Performance and what we can learn for future projects during the Energy Transition | Andrew Buchan, NEO Energy |
| 09:20 | Challenge & Evolve: A Brownfield EPC Perspective  | Terry Allan, Global E&C   |
| 09:35 | Fit after Forty – Can we apply endurance sport training concepts to the management of ageing assets?      | Caragh McWhirr, Xodus     |
| 09:50 | Using a focussed, practical BAT / BEP approach to ensure that “business as usual” is achievable           | Glen McLellan, NOV        |
| 10:05 | Panel Discussion  |                           |

#### Tech Bytes

|       |   |
|-------|---|
| 10.25 | A Novel Flow Meter for Fluctuating Gas Rates – Why Risk Gas Releases & Personnel Exposure? – GM Flow                        |
| 10.30 | Mechanical connectors facilitate safe and cost-effective diesel system pipework replacements in the North Sea – STATS Group |
| 10.35 | The advantages of using visco-elastic tape for pipework and steelwork maintenance – Presserv                                |

#### DAY 3 - 11th November

|       |   |  |
|-------|---|--|
| 09:00 | Welcome and introduction  | Chairperson                              |
| 09:05 | RBIA can it improve? The industry collaborates                                    | Elsbeth Allen, Repsol Sinopec UK Limited |
| 09:20 | COVID-19 Risk Management Solutions in the Workplace to Create SafeSpace for Human | Ed Gardyne, Safewell Solutions           |
| 09:35 | How Low Can You Go?   | Stuart Murray, Add Energy                |
| 09:50 | Making Reliability a Core Business Value  | Andrew Fraser, Reliable Manufacturing    |
| 10:20 | Panel Discussion  |  |

#### Tech Bytes

|       |   |
|-------|---|
| 10.40 | AquaShim® - Stabilisation and Integrity of Tubular Members in the Splash-Zone – AquaTerra |
| 10.45 | Bilfinger Energy Transition Services – Bilfinger  |
| 10.50 | Using data to shape the future of integrity management – Imrandd                          |

#### DAY 4 - 12th November

|            |   |  |
|------------|---|--|
| 09:00      | Welcome and introduction  | Chairperson  |
| 09:05      | “Roads? Where We’re Going, We Don’t Need Roads.” – 2035, what will the future of Asset Integrity look like?   | Rebecca Allison, Oil & Gas Technology Centre                               |
| 09:20      | A delicate balancing act: people, skills and technology in the new energy era   | Craig McCartney, Petrofac  |
| 09:35      | Drone RVI/Advanced Integrity Inspection & RDI   | Paul Hughes & Stewart Wallace, Stork, & Murray Stewart, Air Control Entech |
| 09:50      | Risk Based Management of Corrosion Under Insulation. The smarter way to ensure safe operation and optimise the management of a major threat                                 | Frode Wiggen, DNV GL   |
| 10:05      | Causal Reasoning - What we talk about, when we talk about Problem Solving   | Pankaj Singh, Shell  |
| 10:20      | Panel Discussion  |  |
| Tech Bytes |   |  |
| 10.40      | We can save you money! – Rigmar Services Limited  |  |
| 10.45      | Preserving your assets during extended shutdown or delayed projects – Presserv  |  |
| 10.50      | The impossible dream. Is it purely aspirational to expect both cost reduction and production efficiencies from late life asset strategies?<br>- Innes Auchterlonie, Imrandd |  |

#### DAY 5 - 13th November

|       |   |   |
|-------|---|---|
| 09:00 | Welcome and introduction  | Chairperson                                     |
| 09:05 | Additive Manufacturing will disrupt the Oil & Gas supply chain  | Edwige Ravry, Total                             |
| 09:20 | Interactive Supply Chain Session – Spice Girls and Value Creation, When 2 become 1  | Steve Johnson, Altera Infrastructure Production |
| 09:35 | “A review of Industry Guidelines for Oil Reclamation and System Decontamination”<br>“Improving equipment availability and reducing maintenance costs through intelligent, proactive fluid management”<br>Sharing Lessons learned from 20 years in Fluids Management | Jens Peder Thomsen,<br>Ocean Team Scandanavia   |
| 09:50 | Delivering Data Driven Maintenance Optimization   | Haaken Ahnfelt, PhD, Oceaneering                |
| 10:05 | Digitalised Valve Inspection  | Richard Gray, Score (Europe) Limited            |
| 10:20 | Panel Discussion  |   |
| 10.40 | Closing Remarks   | Steve Cromar, SPE Aberdeen                      |

The organisers reserve the right to amend the programme as necessary – see website for updates on programme timings or further details [www.spe-uk.org](http://www.spe-uk.org) / [aberdeen.events@spe-uk.org](mailto:aberdeen.events@spe-uk.org)
