

# DEVEX 2022

10-11 MAY 2022, P&J LIVE, ABERDEEN

## DEVELOPING THE FUTURE – POWERING THE ENERGY TRANSITION TO 2050

### CALL FOR ABSTRACTS – DEADLINE 24TH NOVEMBER 2021

DEVEX is the only technical conference of its size which is focused on the full E&P project cycle; from exploration, appraisal, development and production (early, mid and late life) through to decommissioning. DEVEX 2022 marks the 19th DEVEX Conference, which provides excellent opportunities for geoscientists, geophysicists, geologists, reservoir engineers and petroleum engineers to come together and share knowledge.

With a pandemic behind us and an energy transition journey ahead of us, what will our wells and fields look like going forward? In addition to the pandemic changing the way we will work going forward, we are seeing an acceleration of energy transition adoption throughout the industry.

DEVEX 2022 will be a platform for organisations to showcase the part that they will play in the future of our industry - the new technologies being developed, the new skills being acquired, the case studies on what was done differently through the lockdown, etc.

This is an opportunity for companies to share both lessons learned, and the innovative ideas that are being deployed. We invite companies to submit a short (200 word) abstract indicating the type of presentation preferred - either a formal (20 minute) presentation or a Techbyte (5 minute) presentation (can be more sales oriented). There is also the opportunity to offer educational, or training-based talks, which we brand as 'Masterclasses' – refreshing and reviewing technical areas of your choosing.

#### Presentation topics include, but are not limited to:

- Case histories on maximising production
- Case histories on field redevelopment
- Case histories on the use of new technology or novel approaches
- Advanced recovery mechanisms – waterflood to EOR
- Near field opportunities
- Facilities enhancements to improve efficiency
- Big data, artificial intelligence and machine learning – practical applications
- Decarbonisation of offshore energy systems
- Repurposing of offshore infrastructure beyond COP
- Remote working, collaboration & skills development
- Lessons learned from other areas

DEVEX 2022 ORGANISERS

EVENT SPONSOR

PLATINUM SPONSORS

SUPPORTED BY

# DEVEX SPONSORSHIP PACKAGES 2022

SPE Aberdeen, PESGB and AFES are not for profit organisations. Raising sponsorship is vital during these challenging times, not only for the successful delivery of the conference but to enable these organisations to re-invest back into the industry. By supporting this event, not only are you providing an important knowledge sharing and training opportunity for the industry, but you are also helping to support our future generation of young engineers.

## **PLATINUM SPONSOR** **£5,000 + VAT**

- Five complimentary delegate passes
- Pop-up stand or banner to display in conference hall

## **EVENT SPONSOR** **£3,000 + VAT**
