

SPE ICoTA 27th Virtual European Well Intervention Conference

Net Zero - Finding new ways to work by breaking down traditional barriers to maximise recovery using well intervention

6th – 9th December 2021

Platinum Sponsors

TECHNICAL PROGRAMME

Introduction

The SPE ICoTA European Well Intervention Conference is the largest and longest established conference of its kind. This virtual conference will focus on the energy transition, how we can work together more effectively and what technologies will be required to reach the Net Zero targets.

View the Technical programme [here](#).

“Rethinking well intervention to support our industry through the energy transition to achieve Net Zero.”

Steve Moir & Bronson Larkins
Conference Co-chairs

Why attend?

- 60% of presentations are by Operators
- High profile keynote speakers
- An invitation to solve Operator presented challenges
- Virtual exhibition showing the latest technologies
- ICoTA Award for Innovation & Technology
- Panel sessions and technical showcases

Booking information

Delegate fees for all 4 days (GBP, all exc VAT)

- ICoTA Members **£20.00**
- SPE Members **£20.00**
- Non-Members **£55.00**
- Event Attendance & ICoTA Europe Membership through to 31st Dec 2022 **£52.00**

To book your place, visit the ICoTA Europe [website](#) or contact admin@icota-europe.com.

Day 1 - Monday 6th Dec 2021

Session One: The Net Zero Goal

Session Chairs : Bronson Larkins - Wellvene & George Waugh - ICoTA Europe

Start	Title	Presenter
09:00	Welcome	Steve Moir - Conference Chairman
09:05	Session Introduction	Session Chairs
09:10	Keynote : Transition – A personal perspective	Ann Davies, COO - Lightsource-bp
09:35	Making Oil and Gas Greener... and More Profitable	Tom Brighton - Norwegian Energy Partners
10:00	Break	
10:15	Well Intervention, Monitoring of Fractures in Waterflood Developments	Rita-Michel Greiss & Maxim Volkov - TGT Oilfield Services
10:40	Showcase (Inc Q&A)	
10:50	Showcase (Inc Q&A)	
11:00	Close	

Session One - Keynote Speaker

Ann Davies
COO - Lightsource-bp

Session Two: Latest Developments with Intervention Techniques

Session Chairs : Elizabeth Muir - Shell & Richard Hampson - Halliburton

Start	Title	Presenter
14:00	Session Introduction	Session Chairs
14:05	Keynote - API Updates & Status: 16ST, 16B, 16SB & 16WL	Steve Deshotels, Sr Operations Director - NOV
14:30	Innovative world first simultaneous stroker operation combines shift-to-open and lock-out of malfunctioning SSSV, restoring through bore access and production.	Stuart Murchie, Anders Grønnerød, Lingdi Wang, Martin Sætrevik - Altus Intervention
14:55	Break	
15:10	World leading digital slickline product designed specifically for maximizing efficiency by combining slickline with real time telemetry operation for logging and perforating activities.	Arthur Merrick, William Ash - Paradigm Intervention Technologies
15:35	Showcase (Inc Q&A)	
15:45	Showcase (Inc Q&A)	
15:55	Close	

Session Two - Keynote Speaker

Steve Deshotels
Sr Operations Director – NOV Texas Oil Tools

Day 2 - Tuesday 7th Dec 2021

Session Three: Production Optimisation

Session Chairs : Steve Moir - BenchMark Wireline Products & Chinedu Ezunu - Schlumberger

Start	Title	Presenter
09:00	Session Introduction	Session Chairs
09:05	Keynote - Reservoir and Wells Optimisation group – Well Intervention Analysis	Doris Reiter, VP Subsurface North Sea & Angola - bp
09:30	High Differential Pressure Perforating Subsea using E-Line & LWI	Paul Kelman - TotalEnergies
09:55	Break	
10:10	A Collaborative Approach to Maximise Recovery and Reduce Intervention Footprint	Richard Whittington - Interwell
10:35	Showcase (Inc Q&A)	
10:45	Showcase (Inc Q&A)	
10:55	Close	

Session Three - Keynote Speaker

Doris Reiter
VP Subsurface North Sea & Angola – bp

Session Four: Climate Change Propels Carbon Capture and Storage in Europe

Session Chairs : Kareem Shafi - OGUK & Rebecca Lee - Halliburton

Start	Title	Presenter
14:00	Session Introduction	Session Chairs
14:05	Keynote - Introduction to the NEP project & Update on CCS Well guidelines	Russell Haley, Wells Discipline Engineering Lead Net Zero Teesside / Northern Endurance Partnership - bp
14:30	Industry challenges in achieving net zero – CO2 Storage	Mark Wood - Baker Hughes
14:40	CCUS – Cost Could Upset Services!	Ian Retalic - Altus Intervention
14:55	Break	
15:10	European collaboration creates unique CCUS Environment Testing & Verification Laboratory for Cement, Rock, Seals, Metals & Chemicals etc.	Johan Byskov Svendsen - INEOS Oil & Gas
15:35	Showcase (Inc Q&A)	
15:45	Showcase (Inc Q&A)	
15:55	Close	

Session Four - Keynote Speaker

Russell Haley
Wells Discipline Engineering Lead on the Net Zero Teesside / Northern Endurance Partnership, bp

Day 3 - Wednesday 8th Dec 2021

Session Five: Conquering Complex Well Operations

Session Chairs : Mark Oatey - Harbour Energy & George Walker - Halliburton

Start	Title	Presenter
09:00	Session Introduction	Session Chairs
09:05	Mobile shales providing annular isolation	Fraser Proud - Harbour Energy, Kresimir Vican - Halliburton
09:30	Wellhead Freeze & Xmas Tree Changeout	Liam Geddes - Repsol Sinopec Resources UK
09:55	Break	
10:10	A World First: Open Water Tubing Recovery to vessel using LWIV, Pierce A9 Through Tubing Abandonment	Jamie Simpson - Shell
10:35	Showcase (Inc Q&A)	
10:45	Showcase (Inc Q&A)	
10:55	Close	

Session Five - First Speaker

Fraser Proud
Snr Chair ICoTA Europe Young Professionals /
Well Abandonment Engineer - Harbour Energy

Session Six: Maximising Recovery

Session chairs : Chetna Sapru - TotalEnergies & Scott Dunn - Repsol Sinopec Resources UK

Start	Title	Presenter
14:00	Session Introduction	Session Chairs
14:05	Keynote : Accelerating net zero operations: technology, innovation and opportunity	Gillian King, Senior Director, Operations - OGCI Climate Investments
14:30	Targeted placement of a novel, chelant-based hydrofluoric acid restores production in the North Sea	James Brown, David Barclay & Charlie Tramier - Halliburton
14:55	Break	
15:10	Rhum R3 – Perseverance pays off, 16 years later	Alex Pirie - Serica Energy
15:35	Showcase (Inc Q&A)	
15:45	Showcase (Inc Q&A)	
15:55	Close	

Session Six - Keynote Speaker

Gillian King
Snr Director, Operations – OGCI Climate
Investments

Day 4 - Thursday 9th Dec 2021

Session Seven: Invitation to Solve Operator Challenges

This session has presentations from at least eight operators.

These include Enquest, Equinor, Harbour Energy, Respsol Sinopec Resources UK, Serica, Shell, TAQA & TotalEnergies.

Session Chairs : Steve Cromar - IMechE & Steve Moir - BenchMark Wireline Products

Start	Title	Presenter
09:00	Session Introduction	Session Chairs
09:05	Section - Well Integrity Focus	
09:30	Panel Discussion	
09:55	Break	
10:10	Section - Well Intervention Focus	
10:35	Panel Discussion	
11:00	Close	

The Original Operator Stand

Featuring Enquest, Equinor, Harbour Energy, Respsol Sinopec Resources UK, Serica, Shell, TAQA & TotalEnergies

Session Eight: Solutions, Innovation & Technology

Session Chairs : Michael Taggart & Darren Paul - ICoTA Europe

Start	Title	Presenter
14:00	Session Introduction	Session Chairs
14:05	Remote OEM WPCE Recertification – Minimising Downtime, Logistics, Carbon Footprint & Cost	Keith Dempsey & Scott Godfrey - NOV
14:30	Showcase (Inc Q&A)	
14:40	Showcase (Inc Q&A)	
14:50	Showcase (Inc Q&A)	
15:00	Break	
15:15	ICoTA Award for Innovation & Technology Finalists.	
15:47	Announcement of ICoTA Award for Innovation & Technology Winner	
15:57	Close - Event	Darren Paul, Snr Chair - ICoTA Europe

The Original Intervention Award for Innovation and Technology

ICoTA Award for Innovation & Technology

Thank you to our ICoTA Europe Champions.

Sponsorship Opportunities

ICoTA Europe and SPE Aberdeen are both not-for-profit associations. They reinvest surplus funds to help support not only today's engineers, but also our future generation. Being involved in the SPE ICoTA European Well Intervention Conference will ensure that you receive an unmatched level of brand recognition for your company in front of an audience of industry peers. It will also ensure that you are recognised as being a key supporter in the development of our young engineers.

Summary of Opportunities

Platinum Sponsor

£3,900

SOLD OUT

- Prime branding across all materials including ICoTA Europe and SPE websites, conference programme, joining instructions, event slides
- Social media acknowledgements posted on both ICoTA Europe and SPE Aberdeen channels
- Logo, banner and text description on virtual platform along with document downloads, streaming links/MP4 files, social media and contact links
- Virtual Booth within virtual platform and on mobile app
- Opportunities for Product Showcase videos
- Interaction/networking – Meet Now 1:1 attendee calls
- Recognition by Conference Chair
- Multiple delegate passes and access to delegate lists
- ICoTA Europe will run a Technical Webinar in conjunction with the Platinum Sponsor

Event Partner

£2,900

- Branding across all materials including ICoTA Europe and SPE websites, conference programme, joining instructions, event slides
- Social media acknowledgements posted on both ICoTA Europe and SPE Aberdeen channels
- Logo, banner and text description on virtual platform along with document downloads, streaming links/MP4 files, social media and contact links
- Virtual Booth within virtual platform and on mobile app
- Opportunities for Product Showcase videos
- Interaction/networking – Meet Now 1:1 attendee calls
- Recognition by Conference Chair

- Multiple delegate passes and access to delegate lists
- ICoTA Europe will run a Technical Webinar in conjunction with the Event Sponsor

Break Sponsor

£1,200

- Branding across all materials including ICoTA Europe and SPE websites, conference programme, joining instructions, event slides
- Social media acknowledgements posted on both ICoTA Europe and SPE Aberdeen channels
- Logo, banner and text description on virtual platform along with document downloads, streaming links/MP4 files, social media and contact links
- Product/Technology/Service Showcase to be played during the break
- Live audience Q&A session
- Virtual Booth within virtual platform and on mobile app
- Opportunities for Product Showcase videos
- Interaction / networking – Meet Now 1:1 attendee calls
- Recognition by Conference Chair
- Multiple delegate passes

Registration Sponsor

£800

- Branding across all materials including ICoTA Europe and SPE websites, conference programme, joining instructions, event slides
- Social media acknowledgements posted on both ICoTA Europe and SPE Aberdeen channels
- Logo, banner and text description on virtual platform along with document downloads, streaming links/MP4 files, social media and contact links

- Logo on registration page on booking system
- Opportunities for Product Showcase videos
- Virtual Booth within virtual platform and on mobile app
- Interaction / networking – Meet Now 1:1 attendee calls
- Recognition by Conference Chair
- Multiple delegate passes and access to delegate lists

Played Product/Service Showcase

£1,100

- Logo, banner and text description on virtual platform along with document downloads, streaming links/MP4 files, social media and contact links
- Virtual Booth within virtual platform and on mobile app
- Opportunities for Product Showcase videos
- Live audience Q&A session
- Interaction / networking – Meet Now 1:1 attendee calls
- Multiple delegate passes

Virtual Exhibitor

£400

- Logo, banner and text description on virtual platform along with document downloads, streaming links/MP4 files, social media and contact links
- Virtual Booth within virtual platform and on mobile app
- Opportunities for Product Showcase videos
- Interaction/networking – Meet Now 1:1 attendee calls
- Multiple delegate passes
